

LETTER OF INTENT

Between

The Escuela Politécnica Nacional

And

The Institute of Systems Engineering at Leibniz University of Hannover

Whereas the Escuela Politécnica Nacional, Quito, Ecuador and **The Institute of Systems Engineering at Leibniz University of Hannover, Hannover, German** seek to promote intercultural understanding and academic exchange, both parties intend to pursue cooperation in the following areas:

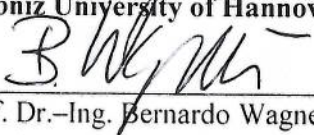

1. Academic collaboration
2. The exchange of students and personnel

The Escuela Politécnica Nacional and **The Institute of Systems Engineering at Leibniz University of Hannover** plan to develop formal and detailed agreements in order to facilitate the objectives expressed in this initial letter of intent.

While no binding commitments have been made in this letter we, the undersigned, affirm common interests in developing the ties of friendship between our institutions and in fostering mutually-beneficial cooperation.

Signatories

**Institute of Systems Engineering
Leibniz University of Hannover**

Prof. Dr.-Ing. Bernardo Wagner
Director
